Note: The above data were computed. Each ratio represents fall semester full-time student equivalents divided by the number of full-time faculty equivalents budgeted for nine months as reported by the institutions. For purposes of these computations, institutional fall semester totals of student credit hours divided by 15 were used as the measure of full time student equivalents.

Note: The above data were computed. Each ratio represents fall semester full-time student equivalents divided by the number of full-time faculty equivalents budgeted for nine months as reported by the institutions. For purposes of these computations, institutional fall semester totals of student credit hours divided by 15 were used as the measure of full time student equivalents.
